- **Scott Moser** (corresponding author), School of Politics and International Relations, University of Nottingham, Nottingham, UK. Email: scott.moser@nottingham.ac.uk. ORCID: 0000-0002-4812-4825

Acknowledgements

The authors thank the participating civil-society organisations — Kalayaan, Voice of Domestic Workers, and the Latin American Women's Rights Service — for their partnership in fieldwork and instrument co-design; and the 97 respondents who took part in the survey.

Funding

CE received funding from the University of Nottingham under its Nottingham Research Fellowship scheme. SM received no external funding for this research.

Competing Interests

The authors declare no competing financial or non-financial interests.

Data availability

Anonymised respondent-level data and all analysis code are available at the project's Open Science Framework mirror: https://osf.io/vf5yb/overview?view_only=becc2db3b49c4b258015b648867bf208. The underlying GitHub repository is currently private and will be made public on acceptance.

Ethics

The study received ethics approval from the University of Nottingham Business School Research Ethics Committee in January 2023 (Ethics Review Application number 202223021).

AI/LLM disclosure

Anthropic's Claude was used for AI-assisted copy editing (readability and style refinements, grammar and spelling checks, citation-format consistency checks, and mechanical cross-reference verification). Claude Code was used to troubleshoot and debug R: and Python scripts. No data was generated by 'AI'; no data was analysed by 'AI.' The authors accept full accountability for the final text.
